Soffit Vent Information

Code Compliant with the International Code Council (ICC) and the International Residential Code (IRC).

The Moisture Flow Soffit Vent is the only soffit vent that effectively displaces a bath fan's exhausted air outside of the soffit's passive air stream, prohibiting the exhausted air from reentry into the attic.

The Soffit Vent is backed by a lifetime warranty against defects when installed under the manufacturers specifications of proper installation.

Color: White One Size Fits All Soffits
